

tesa® 60805

Product Information

PVC Electrical Insulation Tape

Product Description

tesa® 60805 is a electrical insulation soft PVC tape, comprised of a thick soft polyvinyl chloride (PVC) backing in combination with a rubber-based adhesive. tesa® 60805 is flame retardant and universally applicable, though it is exceptionally qualified for applications in electric installation work, repairing or bundling. The thick PVC-backing makes for high durability strength, and the rubber adhesive ensures a good adhesion to various surfaces. tesa® 60805 is available in the colors black, red, white, blue, green, yellow and yellow-green.

Benefits:

- Thick and robust soft PVC backing
- Flame retardant
- Good electrical insulation properties
- Complies with AS 1621.3

Application Fields

- The PVC electrical insulation tape is suitable for electric installation work, repairing, splicing, or bundling
- tesa® 60805 is available in multiple colors and can also be used for marking and color-coding
